President
Egan Marine Corporation
Service Welding and Ship Building, LLC
15220 Canal Bank Road
Lemont, Illinois 60439

Re: Request for Information
EPA ID No.: ILD064381809

Dear Mr. Egan:

On December 17, 2013 the U.S. Environmental Protection Agency issued a Request for Information under Section 3007 of the Resource Conservation and Recovery Act (RCRA), as amended, 42 U.S.C. § 6927 (hereafter, "Information Request"), to Egan Marine Corporation and Service Welding and Ship Building, LLC (collectively, "you"). The Information Request required you to submit certain information relating to the storage and management of used oil and other solid wastes at your facility at 15220 Canal Bank Road in Lemont, Illinois. Under authority of RCRA, the Information Request required you to reply within 30 days of receipt, by January 20, 2014.

You did not respond to the Information Request or otherwise contact EPA regarding the Information Request on or before January 20, 2014. On January 21, 2014, you contacted EPA and asked for an extension of an additional 30 days to provide the requested information. Your statements then indicated that you had not yet begun collecting the requested information. EPA nonetheless granted you an extension, to February 20, 2014.

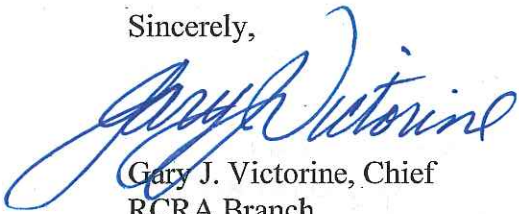

You did not respond to the Information Request or otherwise contact EPA regarding the Information Request between January 21 and February 20, 2014. On March 4, 2014, EPA contacted you to determine the status of your response. You stated that you would provide the requested information within the next two weeks. Your statements indicated that you still had not begun collecting the requested information.

On March 20, 2014, you contacted EPA and requested a second extension of time to provide the requested information, with the exact period of extension not specified but "at minimum" until April 20, 2014. As of the date of this letter, you still have not provided the requested information.

EPA did not grant you any extension of time to provide the requested information beyond February 20, 2014 and will not be doing so. By refusing or otherwise failing to provide the requested information, you are violating Section 3007 of RCRA, 42 U.S.C. § 6927. Your continuing violation of federal law subjects you to administrative and civil enforcement action, including both injunctive relief and civil penalties under Section 3008 of RCRA, 42 U.S.C. § 6928, of up to \$37,500 per day of noncompliance. To mitigate the extent of any enforcement actions forthcoming regarding your noncompliance, EPA encourages you to provide the requested information immediately. Please see the Information Request for instructions on how to provide the requested information.

If you have any questions regarding this letter, please contact Todd C. Brown, of my staff, at (312) 886-6091. For legal issues or questions, please contact Kris P. Vezner, Associate Regional Counsel, at 312-886-6827 or at vezner.kris@epa.gov.

Sincerely,

Gary J. Victorine, Chief
RCRA Branch
